COMPANY PROFILE

ABOUT US

ByMedical and Scientific Technical Labs (Pty) Ltd is a dynamic South African company specializing in the supply and distribution of high-quality technical training equipment. As a dedicated division of ByMedical & Scientific Group focused on engineering education, we are the authorized distributor of Edibon technical teaching equipment in South Africa and the broader regional market.

Vision

To be the leading provider of advanced engineering education solutions in South Africa and the region, empowering academic institutions and research centres with the tools to drive progress and innovation.

Mission

To deliver cutting-edge Edibon technical training equipment and expert support services that transform engineering and technical education across South Africa and the region while fostering practical skills development and contributing to a technologically advanced future.

CORE FOCUS

We are committed to empowering universities, technical colleges, vocational training centres, and research institutions across South Africa and the region with state-of-the-art, hands-on learning solutions in various engineering and technical disciplines.

We aim to bridge the gap between theoretical knowledge and practical application, equipping students and professionals with the skills necessary to drive innovation and excel in their respective fields.

PARTNERSHIP WITH EDIBON

Our strategic partnership with Edibon International, a globally recognized leader in the design and manufacturing of technical teaching equipment for over 40 years, is central to our offering.

Edibon's extensive catalogue of over 4,000 products, developed with the latest technology and adhering to international quality standards (ISO 9000 certified), allows us to provide comprehensive and cutting-edge solutions.

PRODUCT AND SERVICE PORTFOLIO

We offer a wide range of Edibon technical teaching units, covering diverse fields such as:

01

Physics:

OUR OFFERINGS EXTEND BEYOND JUST EQUIPMENT SUPPLY TO INCLUDE

Consultation and needs assessment:

Understanding the specific requirements of educational and research institutions to recommend the most suitable equipment.

01

02

Installation and commissioning:

Ensuring the correct setup and functionality of all supplied equipment.

Training and technology transfer:

Providing comprehensive training to faculty and technical staff on the operation and application of the equipment.

03

04

After-sales service and support:

Offering ongoing technical assistance and maintenance services.

Customized laboratory desingnt:

Assisting institutions in the planning and design of complete technical laboratories.

05

KEY STRENGTHS

Exclusive distributorship: As the authorized Edibon distributor in South Africa and the region, we provide direct access to a world-leading range of technical training equipment.

Comprehensive solutions: Offering a holistic approach that includes equipment, installation, training, and ongoing support.

Focus on quality and innovation: Partnering with Edibon ensures access to equipment designed with the latest technology and built to the highest quality standards.

Expertise and experience: Backed by the broader ByMedical & Scientific Group, we possess a deep understanding of the technical and educational landscape in South Africa.

Commitment to empowerment: Dedicated to enhancing the quality of technical education and empowering the next generation of engineers and technicians in Africa.

Corporate information	
Registered Name:	ByMedical and Scientific Technical Labs (Pty) Ltd
Business Address:	Office 16D2, 16th Floor, Sinosteel Plaza, 159 Rivonia Road, Sandton, 2146
Postal Address:	Postnet Suite 22, Private Bag X1, Jukskei Park, 2158
Registration No:	2016/332651/07
